

*The Religious Zionist Youth Movement
Bnei Akiva of the United States and Canada*

Dear Chaverim

Hashem Imachem

We are happy to present to you the BAUSC contact booklet for 5769.

In Bnei Akiva we are thrilled to be teaching the message of Aliyah and love for Eretz Yisrael in North America. Rav Kook זצ"ל taught about the concept of "Shofar Gadol" – a term he used to describe making Aliyah from a community where there is no direct hardships. This concept today applies to North American Jewry. People are making Aliyah today from North America not out of force or fear, but rather out of a great love and commitment to Eretz Yisrael. Bnei Akiva of US and Canada is the "Shofar Gadol", and through our work together we will continue to have more people hear the Shofar.

Looking forward to a great year,

BCLTVA
