MAKE ISRAEL YOURS
SUMMER 2021

**11TH
GRADE
TRIP**

WE'RE BACK!

Summer 2020 was a tough one for Jewish youth; camps around the country were cancelled. However, perhaps none were more impacted than the tenth graders whose opportunity had come for their summer trip to Israel. Although Mach Hach BaAretz made every effort to bring our campers into Israel and even delayed our start date twice, it was not meant to be.

As soon as we cancelled, it was obvious to us that we would offer a replacement trip for eleventh graders in 2021. This formative trip is too important to be lost. A second opportunity had to be given to form the connection to Israel, create the bonds with lifelong friends and develop the platform for personal growth and maturation.

Over the summer, we developed a brand new program for our eleventh graders, Mach Hach LeDorot (literally: Mach Hach for the ages). This truly will be a singular Mach Hach experience for an age group living through very unique times. Knowing that the summer calendar for an eleventh grade student is different from that of a tenth grader, we have created two separate four week sessions to choose from. Both itineraries are included in the brochure.

As such, campers can combine Mach Hach LeDorot with an additional summer experience, be it a month working in camp, an internship or summer courses. We want to afford our campers the opportunity to squeeze their tenth and eleventh grade summers all into one! While the past months caused youth to miss bar/bat mitzvas, graduations and various other rites of passage, the summer trip to Israel need not be added to that list. We're back and we can't wait for you to be a part of it!

A NEW LOOK FOR A CLASSIC TOUR

In creating an Israel tour for post-11th grade campers, we endeavored to take everything that is great about our Mach Hach BaAretz program and tailor it to the unique needs of the 11th grade summer. In doing so, our campers will still get the full Mach Hach experience but with some unique twists.

Classic Mach Hach

- Traverse Israel from the Golan to Eilat.

- Same love of Israel!

- Choose your Adventure Week.

- Make amazing new friends.

- Be inspired by tremendous madrichim.

Unique to Mach Hach LeDorot

- A four week program to allow you to combine Mach Hach with additional summer plans.

2

- Two sessions to choose from in order to lend flexibility to your summer calendar.

- Buses within one session travel together so you get to make even more friends!

ADVENTURE TRACKS

Adventure Week

All Mach Hach LeDorot campers enjoy a four day specialty track chosen before the summer. The specialty tracks include: Army, Chessed, and Yam L'Yam. More detailed descriptions are available on our website.

Army

Your Mefakdim (sergeants) will give you the real feel of the IDF. Be prepared to be pushed to your limits in this thrilling army experience.

Chessed

Each day focuses on a different type of Chessed: the needy, the sick, the physically and mentally handicapped and the elderly. Learn about yourself and give to others!

Yam L'Yam

Take part in one of Israel's most popular hikes, crossing the width of Israel from the Kinneret to the Mediterranean Sea and culminating with a thrilling five mile bike ride.
